Your name (if not the patient): [redacted]

Relationship to patient (if applicable): Son

Ward or clinic concerned: Rheumatology

Hospital site: Queen Elizabeth The Queen Mother Hospital, Margate

Names of staff involved if known: Denise De Lord

Compliment: Unfortunately my mother recently passed away. She was terminally ill, but for all the time she was cared for with a very complex and intertwining medical history Dr delord was outstanding in the detail and support she gave both my mum and her late husband.

Thank you so much Denise for all you have done.
